

Seclusion and Restraint Notification

The Hancock County Educational Service Center Governing Board is committed to implementation of Positive Behavior Intervention and Supports (PBIS) framework on a Center-wide basis and the establishment of a school environment focused on the care, safety, and welfare of all students and staff members. Staff are directed to work to prevent the use of physical restraint and/or seclusion. The PBIS framework shall serve as the foundation for the creation of a learning environment that promotes the use of evidence-based academic and behavioral practices aimed at enhancing academic, social, and behavioral outcomes for all students. An emphasis shall be placed on promoting positive interventions and solutions to potential conflict. If a student's behavior, however, presents a threat of immediate physical harm to the student or others, staff may, as a last resort (i.e., there is no other safe and effective intervention available) and in accordance with the terms of this policy, use approved physical restraint or seclusion to maintain a safe environment.

All physical restraint and seclusion shall only be done in accordance with this policy, which is based on the standards adopted by the State Board of Education regarding the use of student restraint and seclusion.

Training in methods of PBIS and the use of physical restraint and seclusion will be provided to all professional staff and support staff determined appropriate by the Superintendent. Training will be in accordance with the State's Standards. Absent an emergency, only school staff who are trained in permissible seclusion and physical restraint measures shall use such techniques.

Every use of restraint and seclusion shall be documented and reported in accordance with this policy.

The Board shall annually notify parents of this policy, which will be published on the Center's website.
